

## \*\*\*Employer Matching Donation Program\*\*\*

If one of your donors has a matching donation policy with their employer, please have them apply for the matching funds. These matching funds can bring hundreds to thousands of extra dollars to Centennial. Now that we are an official 501c3 non profit organization, we are eligible for matching donations through many companies. Our official name is Parents and Teachers of Centennial School.

Have the employee make the donation under his or her name so it matches the company's policy.

Matching funds will NOT count towards prize totals. Mainly, because they are not received by the deadline. Instead, I will plan a separate prize opportunity based on what is raised through this program.

Please check with your employer/company and ask if they have a matching donation program, and how it works. Follow their rules carefully. So many companies offer this program--Verizon, Nordstrom, Kohls, and many, many more! Please inquire with your human resources office. Contact me with questions--
